Dear Parent / Guardians,

As of September there will be more spaces available for children at Earlsdon Primary School to have Drum, Guitar and Bass lessons. These lessons take place during the school day.

I am very passionate in bringing Creativity and Music into schools and the hearts of our children, as to open more doors in their future and to teach them to commit and practice with whole hearted enthusiasm. I believe that creative arts are an important part to each child's life and should not be missed out of their education.

I have been a peripatetic instrumental teacher at Earlsdon Primary School since 2014 and have been teaching drums and guitar for six years before that. I have a BA Honours degree in music and a teaching diploma level 4 with Rock School. I have extensive teaching experience from working in many schools as a high level teaching assistant, teaching music lessons alongside running contemporary schools bands and choirs.

There will be a total of 36 sessions throughout the year, charged for each term. Each term will cost £78.00 for each student. Lessons missed will be rearranged at the teachers' discretion. Lessons are shared with one other student for 20mins or two other students for 30mins.

If you would like your child to have drum, guitar or bass lessons then please fill in the form below and bring into the school office and we will contact you with further information. There are limited spaces so children who are currently having lessons, or who are already on a waiting list will have first refusal so please get your forms in quickly. If you would like more information, please don't hesitate to contact me on the details provided above.

Thank you for your time.
Yours Faithfully,

Tom Gilligan
