Music Lessons at School

'Music training can boost a child's intelligence, emotional and social development and self-esteem.' Liisa Henriksson-Macauley

Dear Parents

From September there will be spaces for the children to start or to continue to learn a variety of woodwind instruments at school. Places are available for children in Year 1 and above. Lessons are fun and imaginative; pupils learn at their own pace and play well known tunes and musical games that develop grounded learning in a fun way. Children are provided with performance opportunities in and outside of school and they also have the opportunity to take ABRSM examinations.

Flute, Clarinet (Years 3-6)

Individual 20 minute lessons are available at **£12.00** per session.

Shared 30 minute lessons (2 children) are available at **£9.50** per session per child

Recorder (Years 1-6)

Recorder Group Sessions are available at **£5.50** per session per child.

So, take up this offer of music tuition from a qualified and experienced teacher. Please hand in the completed slip below to the school office if you would like your child to start lessons.
